## Non-Household & Bulky Trash Disposal Information

Only household garbage is allowed in the TLPOA dumpsters. Do not put construction waste, furniture or other oversize items in dumpsters. Do not put large metal items or concrete in the dumpsters.

During the summer, put trees and shrubs on the wood pile in the parking lot – NO CONSTRUCTION MATERIALS.

Do not leave items on the ground outside the dumpsters. The County does NOT pick up items from the ground. TLPOA has to pay to remove what is left on the ground. There are other options for these items such as Free Cycle, the Thrift Store or the County Landfill. If you see someone putting anything on the ground at the dumpster or recycle areas or putting inappropriate trash in the dumpsters, please report it to TLPOA security.

**For anything other than household garbage, you can take non-household trash to:**
